

ALEXANDRIA OFFERS
PRAYERS FOR PEACESpecial Services Held at All
Churches Draw Crowds of
Worshippers.

ALEXANDRIA, Oct. 4.—Alexandria churches turned out in large numbers today to take part in the special services held in all of the churches of the city. At the three Episcopal churches, Christ Church, St. Paul's, and Grace, in addition to the prayer for peace, a prayer prepared by the Rev. Robert A. Gibson, D. D., bishop of Virginia, was read in connection with the morning prayer. The services, which were held for the occasion, were rendered by augmented choirs.

All of the sermons of the preachers today referred to the European war. At St. Paul's and Christ Church the collections were for the work of the American Red Cross. At the latter church a portion of the collections collected for the work during the Spanish-American war was placed in the collection.

Alexandria lawyers are preparing to entertain the members of the American Bar Association on their trip through this city to Mt. Vernon on October 10. The party will leave Washington on a special train and will be accompanied by Judge James Keith, of the Virginia supreme court, and by Mr. Vernon they will be received by a committee composed of Judge J. K. M. Norton, of this city; R. Walton Moore, and H. Hilton Jackson, of Fairfax county; Judge L. L. Lewis, of Richmond, and R. B. Fustell, of Norfolk. After their return to Alexandria they will visit Christ Church and the Carlyle house.

James W. Bales, president of the Col. Wood Club, a country club composed of a number of the leading business men of Alexandria, has resigned. His successor will be elected at a meeting of the club to be held at the clubhouse, the Potomac this evening.

The congregations of the Methodist Protestant Church, Trinity Methodist Episcopal Church, and the Washington Street Methodist Church South, will join in evangelistic services, which will commence tomorrow night and last for two weeks. During the first week the services will be held in the Methodist Protestant Church. Lee Stark, of New York, will be the evangelist in charge and he will be assisted by the pastors of the three churches.

Final rehearsal for the Sunday school parade and song festival to be given next Sunday was held this afternoon in the armory, where 150 children gathered to be drilled in the songs and marches. The drills will be under the direction of Capt. Frank L. Slaymaker, of the Alexandria Light Infantry, and the singing will be directed by Percy Foster, of Washington.

ANACOSTIA.

S. E. Snyder, president of the Randle Highlands Citizens' Association, has selected a committee of three to assist Scout Commissioner E. S. M. in the formation of a patrol of Boy Scouts in that suburb.

The Sunday school of Emmanuel Episcopal Church reopened this morning. A new lesson course has been adopted and does away with any home study for the children.

The Young Men's Club, of St. Teresa's church is planning to conduct a dance once a month. The club has been devoted practically all of its receipts to reducing the debt on the school.

The Tax Reform Association will be lectured by the Randle Highlands Association to send a lecturer to the next meeting.

ROCKVILLE.

In the presence of a small company of relatives and intimate friends, Miss Elizabeth Barrett Prentiss, daughter of Mrs. E. B. Prentiss, and Alexander Kilgour, formerly State's attorney for this county, were married at noon yesterday at the home of the bride's mother. The officiating minister was the bride's brother, the Rev. Forrest Prentiss, pastor of the First Presbyterian Methodist Episcopal Church South, of Washington. There were no attendants. Immediately after the ceremony, Mr. and Mrs. Kilgour left for their honeymoon trip, expecting to be gone about two weeks.

Scott Duvall, chairman of the State central committee for this county, has announced the appointment of the following political agents or district chairmen for the various election districts of this county who, with the members of the State central committee, will organize the Republican county committee.

Laytonville district, T. Crammer; District, Clarkburg, J. Henning Purdum; Rockville, Charles V. Willard; Rockville, first precinct, J. R. S. Day; Rockville, second precinct, J. R. S. Day; Coleville, Mortimer O. Stabler; Harpersburg, Preston L. Snyder; Rockville, first precinct, Lewis K. Edwards; Rockville, second precinct, Paul S. Slemmon; Rockville, third precinct, William E. Brown; Gaithersburg, first precinct, John W. Case; Gaithersburg, second precinct, J. William Garrett; Potomac, John W. Lynch; Barnesville, E. D. Lewis; Damascus, James W. Borden; Wheaton, first precinct, John A. Butler; Wheaton, second precinct, Frank L. Jewett.

In the first football game of the season in Rockville, the Rockville High School team scored an easy victory over the Rockville Academy eleven, by a score of 25 to 0. Prescott, fullback for high school, was the speedy star for the academy sprinters. He was responsible for all the touchdowns made excepting one made by Lindsay Edmonds. The academy, however, did not have its full strength in the field.

The clerk of the circuit court here has received from Governor Goldsboro the commission of E. J. Stillwell as deputy forest warden for this county.

The county commissioners have appointed Albert T. Marlowe, of "Collegeville," as the supervisor of assessments.

At the bi-weekly meeting of the Ladies' League Club, held at the home of the Misses Kingston, Mrs. Robert N. Case gave a talk on "Waste." Miss Marguerite Hartz contributed a violin solo. The program included other features. Refreshments were served.

Mrs. Frank B. Thomas returned to Potomac, Va., a few days ago after spending several days visiting relatives in Rockville.

Miss Belle Clark has returned to her home in Baltimore after spending some time visiting Mrs. Charles G. Holland here.

WAR'S END TO BRING
PROBLEMS IN TRADE

National Manufacturers' Association Urges Consideration of Commercial Outlook.

Important problems for the consideration of Congress, relating to trade and industry, will arise after peace is restored, according to a recent bulletin of the National Association of Manufacturers. The immigration question will be one of these. The tariff, patents, and problems arising from industrial development along new lines will call for consideration.

William M. Bennett, in the bulletin, says increased immigration will be an important new problem for the United States at the close of the war. Industrial and social conditions in this country will be more favorable than in Europe, and especially that part of Europe where the war has raged.

Will Flock to America.
This will cause immigrants in a great degree than ever to flock to the United States. If this is so, he says, the tendency will be to increase the cost of European manufacturing, due to scarcity of labor, and at the same time make more acute this country's domestic problems arising from the influx of immigrants.

Mr. Bennett thinks it is time for American manufacturers to consider the effects on the world's commerce of the adoption of new tariffs by foreign hands, the negotiation of new treaties of commerce, and the enlarged immigration, to follow on peace.

As to tariff and new industries, he says:

"With the cutting off of supplies of certain manufactured products heretofore imported chiefly because the present tariff did not offer sufficient encouragement for their production here, the manufacturer who would wish to undertake their production would necessarily have to consider the possibility of the war being terminated within a short period and then being subjected to keener competition than would otherwise be the case."

May Aid Industries.
"If, on the other hand, the war should be prolonged, the cost of manufacturing in European countries when peace is proclaimed and industries again resumed would be greatly increased on account of the wastage of war in material and men, so that a similar business in the United States carefully built up and conducted might have a fair opportunity of successfully competing in the home market without radical tariff changes."

Will Join in Movement
To Abolish Sororities

The sororities of the George Washington University will join hands with the National Pan-Hellenic Association in an effort to abolish high school sororities. These sororities have decided to co-operate with the national association, which is made up of eighteen sororities with chapters in the principal educational institutions of the country.

Letters have been sent to Washington high schools explaining that after September 1, 1915, no members of high school sororities will be admitted to membership in any of the larger Greek letter college organizations.

GRAY HAIR

How to Darken It Successfully.

A book has been published entitled "Perfect Hair," which explains how white or gray hair may be gradually darkened to a natural shade. No quick action dyeing or other such makeshifts that are visible to all, but an eminently satisfactory, reliable, safe method, easily applied at home. You gradually appear younger and more attractive, can maintain dark hair through life. The book will be mailed free in plain wrapper by Koskott Laboratories, 1259 Broadway, 125 E. New York City. No matter what you have tried in the past, read this FREE BOOK! It also tells about growing new, luxuriant hair, banishing dandruff and stopping the falling out of hair.—Adv.

Will Deal Leniently
With Contract Firms

All of the 60 concerns having contracts with the Government to furnish supplies under general supply contracts will be leniently dealt with in cases where they are facing a loss as a result of the European war. This has been made plain to a hundred or more who have put their plight before Byron R. Newton, Assistant Secretary of the Treasury, who heads the supply committee.

Though the Government cannot change the terms of or abrogate contracts, it has been made plain that purchases will be restricted, as far as possible, where goods furnished under contract will have to be supplied at a loss. Assistant Secretary Newton has told the contractors that it is Secretary McAdoo's idea to be as lenient as possible with all contractors who stand to suffer nearly because of the war.
